

## THE WHITE HORSE THEATRE AT HELA

### „MAID MARIEN“ AND „NEIGHBOURS WITH LONG TEETH“

„Maid Marian“: The Sheriff of Nottingham wants to capture the Merry Men.

On 7th October four young British actors and actresses entertained our 5-, 6-, 8-and 9-formers with two plays.

„Maid Marian“ – a Robin Hood story made our younger ones boo the Sheriff of Nottingham and cheer for Robin and his gang of Merry Men. Being only four actors they made kids out of the audience act as bishop, the merry men and the hangman. This was fun for everybody.

„Neighbours with long teeth“ – the play for the older ones – was a play about the generations and prejudice. The new vampire girl in the neighbourhood gave everybody a hard job in understanding. Was it because of her vampire teeth? Luckily Carolin Schwarz, a temporary assistant teacher at our school, was still alive after being bitten by the vampire father.

The teachers and everybody who could understand enough enjoyed the performance in the gym and still are enthusiastic about the actors' jobs.

„Neighbours with long teeth“: The vampire father found his victim for his today's blood food.
